BATTLE IMMINENT.

Upon it May Depend the Fate
of This Year's Campaign
in Manchuria.

RUSSIANS RESOLVE TO DO OR DIE.

He Has About Faced His Large Army
and is Marching Resolutely
Against the Enemy.

The Japanese Outposts Are Being
Driven In All Along the Line—
Strategy of the Forward
Movement Concealed.

St. Petersburg, Oct. 11.—A battle upon which the fate of this year's campaign in Manchuria depends seems only a few days ahead. Advices from the front are meager. All that is positively known officially is that Gen. Kuropatkin has cast the die at last, about faced his army and is marching resolutely against the enemy as if resolved to do or die.

According to unofficial reports Field Marshal Oyama at the first sign of Gen. Kuropatkin taking the offensive began drawing in his line and concentrating upon fortified positions north of Liao Yang. According to the latest reports which are contained in a dispatch from Mukden dated at 6 o'clock Monday night, the Japanese outposts are being driven in all along the line.

The strategy of the forward movement will be concealed as were the preparations for the advance, so that all surmises as to where Gen. Kuropatkin intends to strike are mere guess work. It is not clear whether Gen. Kuropatkin contemplates a blow on the left, center or right of the Japanese army, but the fact that stress is laid upon the capture of Bentslaputze, which opens the road and fords to Bensihi, 20 miles east of Liao Yang, where Gen. Kuroki crossed and that Cossacks are already reported in the neighborhood of the stream, might foreshadow an exact reversal of the battle of Liao Yang, this time the Russian commander flanking and turning Liao Yang with his left as Field Marshal Oyama did with his right.

Little light has been thrown upon the considerations which led Gen. Kuropatkin suddenly to assume the offensive; but no word is heard at the war office intimating that the course savors of rashness. Officers of the general staff, while not underestimating the heavy task and severe sacrifices that are involved in assuming the offensive, nevertheless express absolute confidence that Gen. Kuropatkin has found a weak point in the Japanese armor. Different explanations abound as to the reason for making the forward movement at this time. The advance is attributed to a realization by Gen. Kuropatkin of the difficulty the Japanese have encountered in making good their losses at Liao Yang and replenishing their supplies and ammunition, or possibly to the drawing off of a portion of the Japanese troops to reinforce Gen. Negi in a desperate endeavor to end the siege of Port Arthur.

SOUTH AMERICAN SQUADRON.

It Will Participate in Inaugural Ceremonies of President Quintana.

Buenos Ayres, Oct. 11.—The United States South American squadron, under command of Rr. Adm. Chadwick, arrived off this port at 7 o'clock Tuesday morning and was escorted into the harbor by the Argentine cruiser Patagonia, to participate in the ceremonies attending the inauguration of President Quintana. The cruiser Brooklyn was not able to enter the docks here owing to her depth of draught.

A SUICIDE PACT.

Two Girls Drank An Ounce of Strychnine and Died.

Kankakee, Ill., Oct. 11.—A suicide pact has resulted in the death of Miss Minnie Ifland, 20, and Lulu Cook, 14, daughters of farmers 20 miles south of this city. Clashed in each others arms, the two drank the contents of an ounce bottle of strychnine. Death came before medical aid could be summoned. The reading of trashy novels is said to have led to the suicide.

Presented With a Loving Cup.

Boston, Oct. 11.—A loving cup was presented to the archbishop of Canterbury at the home of Bishop Lawrence. The cup was the gift of the parish of St. Stevens church, East Liverpool, O., the members of which are all of English birth or descent.

COAL TEAMSTERS' STRIKE.

Employers' Association Will Stand
by the Coal Men.

Cincinnati, Oct. 11.—The executive committee of the Employers' association, at a meeting held in the offices of the association, Monday morning, agreed upon the following official statement of the position to be taken by the association toward the coal men and their striking employees:

1. The Employers' association will stand by the coal men to the last in the present conflict.

2. The full weight of the association will be thrown into the conflict in an effort to insure the winning of the strike by the employers.

3. If necessary the association will raise, within twenty-four hours, \$100,000, to be used in breaking the strike.

4. The association will use every effort to secure police protection for the working drivers and other employees of the coal companies, and, failing in this, will assist in the employment of private policemen or special constables, in the numbers needed to insure the prompt delivery of coal to all parts of the city without interference by the strikers.

5. The association will not consent to an arbitration of the questions at issue.

6. The association will not consent to a conference with the leaders or supporters of the strikers.

Every wagon sent out Monday from coal yards where union men are on strike carried from one to three extra men armed with stout clubs. Whether the wagons were loaded or empty, the guardsmen never relaxed their grip on the stout hickory cudgels.

LOU DILLON.

The Mare Broke All Workout Records
For Trotting Horses.

Memphis, Tenn., Oct. 11.—Lou Dillon, the world's champion trotting mare, owned by C. K. G. Billings, broke all workout records for trotting horses Monday by circling the course at the Memphis driving park in 2:01½. Millard Saunders, her trainer, drove the mare. She was paced by a runner driven by Doc Tanner. The fractional time: First quarter, 30; half mile, 1:00; three quarters, 1:29¾; mile, 2:01½.

The former workout record of 2:02 was held by Lou Dillon, established at Cleveland September 28 of this year. No wind shield was used.

THE WALLS FELL.

Fifteen Corpses Have Been Taken Out,
Together With 40 Injured.

Santiago, Chile, Oct. 11.—One hundred workmen were buried by the fall Monday of walls in the course of erection for an extension of the Casa Prasa stores in this city. Up to the present 15 corpses and 40 wounded, have been removed from the ruin. The fire brigade has been called out to assist in the removal of the dead and wounded. The walls, which were constructed of iron and cement, had reached a height of four stories. There is much indignation against the architect who planned and had charge of the work.

Arrested in Washington.

Marsh, manager of the National Contest Co., which advertised that the company intended giving prizes to the amount of \$110,000 in cash to those making correct or nearly correct guesses of the total number of votes received by the successful candidates for the president, was arrested here Monday on the charge of setting up a game of chance. He was held under bond for appearance in the police court.

THE SLIDING SCALE.

Anthracite Miners Entitled to a Five
Per Cent. Increase.

Wilkesbarre, Pa., Oct. 11.—Commissioner C. P. Neill has informed the coal companies that he finds that the average price of coal at tidewater during September was \$4.98. On this basis he fixes five per cent. increase for the miners over the April basis according to the sliding scale adopted by the coal strike committee. This is two per cent. more than was paid in August.

Advised to Discontinue the Strike.

Knoxville, Tenn., Oct. 11.—National Secretary W. B. Wilson, of the miners' union, spoke at Jellico, advising the miners to discontinue the strike. It is predicted that the joint conference will agree upon the seven per cent. reduction.

WYNNE APPOINTED

He Succeeds the Late Henry C.
Payne as Postmaster General
of the United States.

FORMALLY INDUCTED INTO OFFICE

The Oath Was Administered by Chief
Clerk John J. Howley, of the
First Assistant's Office.

There Will Be No Formal Appoint-
ment Made of a Successor to Mr.
Wynne as First Assistant
Postmaster General.

Washington, Oct. 11.—It was announced by President Roosevelt Monday morning that First Assistant Postmaster General Robert J. Wynne had been appointed as postmaster general. Mr. Wynne has been acting as the head of the department and his appointment was in accordance with the plans of the president heretofore announced. It is understood that his appointment was made in accordance with an arrangement that he should serve until some time after the campaign, or until Secretary Cortelyou, of the national committee, has had an opportunity to close up the work of the election, when Mr. Wynne will retire to his old position and Mr. Cortelyou will become postmaster general. To avoid complications it was necessary to have a man actually at the head of the great department.

Mr. Wynne was formally inducted into his new office at 4 o'clock Monday afternoon. The ceremony occurred in the private office in the post office department, which he has occupied since he was first assistant postmaster general. The oath was administered by Chief Clerk John J. Howley, of the first assistant's office, who has been in the department many years and who now becomes acting first assistant postmaster general. It was suggested that the oath be taken at the white house, but Mr. Wynne wanted the oath administered by Mr. Howley, who already had asked for the privilege, and that plan was carried out. A number of Mr. Wynne's friends, including the newspaper associates, Chief Clerk Chance, of the post office department, and H. A. Cantwell, secretary of the National Association of Letter Carriers, were present. The commission, like that for most recess appointments, makes the appointment effective "until the end of next session of the senate of the United States."

There will be no formal appointment of a successor to Mr. Wynne as first assistant postmaster general, Mr. Howley becoming acting first assistant under the provisions of the law governing such vacancies.

Mr. Wynne was appointed first assistant postmaster general on April 17, 1902. For nearly a quarter of a century he had been a Washington newspaper correspondent, serving at various times some of the most important newspapers in the country. At the time of his appointment he was the Washington correspondent of the New York Press.

Knox Taylor.

GEN. FUNSTON'S REPORT.

Recommends Substantial Increase in
the Pay of Enlisted Men.

Washington, Oct. 11.—Brig. Gen. Frederick Funston, commanding the department of the Columbia, in his annual report, says that additional observation and conversation with officers confirms him in the views expressed in his last report that there should be a substantial increase in the pay of the enlisted men of the army. He says there can be scarcely a doubt that such action would bring into the army a vastly superior body of men who would remain in the service.

MAKES PUBLIC STATEMENT.

Judge James H. Mulligan Declares His
Faith in His Wife.

Lexington, Ky., Oct. 11.—In a signed statement given to the public Monday night, containing about 1,500 words Judge James H. Mulligan declares his belief in his wife's innocence, and declares that never for a moment has he connected her with the attempted poisoning of the Mulligan family.

He breaks silence, he says, because further silence might be misconstrued by the public to mean that he is in doubt as to who is guilty. He declares the investigation of the affair will not end till the guilty person is punished.

James H. Mulligan caused a sensation in the circuit court Monday morning by filing an affidavit before Judge Parker to the effect that William Irvine, a member of the grand jury, was wholly unfit to investigate the mystery surrounding the attempt to poison the Mulligan family, two weeks ago.

In support of his affidavit Judge Mulligan took the stand and stated that he had received information that Juror Irvine had gone to the home of Louis Mitchell and had expressed himself to the Negro's father and mother in regard to the guilt or innocence of Mitchell.

Judge Mulligan further said he would spend his last dollar to find out who was behind Mitchell in the dastardly plot. Lou Mitchell, mother of Louis Mitchell, was also present in court and corroborated the statement of Judge Mulligan.

Judge Parker made a brief statement in regard to duties of grand jurors and ordered the clerk to mark Irvine off the jury.

William Irvine and Jim Mulligan, accused by the Negro Mitchell, in connection with the plot, have long been intimate friends.

A Kentuckian in Trouble.

Guthrie, O. T., Oct. 11.—Following his marriage recently to Miss Verna Lowe, a wealthy Osage Indian girl, of Pawhuska, John T. Pate was arrested charged with bigamy. He admitted having married Miss Eva Jenkins, in Bourbon county, Kentucky, in 1902, but stated he left her six months afterward and later claimed to have received official notice of her securing a divorce.

TERRIBLE MISTAKE

A Passenger Train and an Extra
Freight Came Together Near
Warrensburg, Mo.

TRAINMEN MISTOOK THEIR ORDERS

The Freight Pulled Out Too Soon and
Collided With a Train Follow-
ing the First Section.

Twenty People Were Killed Outright,
Nine Died Later and About 60
Were More or Less Injured,
Some Fatally.

Warrensburg, Mo., Oct. 11.—Twenty-nine persons were killed and 60 injured by a collision of Missouri Pacific trains three miles east of Warrensburg early Monday. The trains were the second section of passenger train No. 30, which left Wichita, Kan., for St. Louis Sunday night, and an extra freight train. The dead are in undertaking rooms in this city and most of the wounded are in the railroad hospital in Sedalia, Mo.

The passenger train, consisting of two day coaches, a Pullman and a caboose was loaded with World's fair excursionists from Southeast Kansas and Southwest Missouri.

The regular passenger train No. 30 had been cut in two at Pleasant Hill on account of the heavy load and an engine attached to the front car without a baggage car as a buffer. The extra freight had sidetracked at Montserrat for the first section of No. 30, which carried signals that a second section was following. This was followed by passenger train No. 50, which the freight crew took for the second section of No. 30.

The freight pulled out of the sidetrack and three miles west met the second section. The impact telescoped the tender of the passenger engine into the front car which was loaded with passengers, and it was here that the sacrifice of life took place. The passenger conductor, E. L. Barnes, ran all the way to Warrensburg and broke the news of the wreck. Every physician in the town responded and hundreds of citizens hastened to the wreck and assisted the wounded from beneath the timbers of the broken cars. Twenty people were killed outright and nine died before 8 o'clock. The dead were placed upon flat cars and brought to this city and Dr. Bills, the coroner, immediately impanelled a jury and started on the inquiry which is still in session. The afternoon was taken up in identifying the dead and Monday night the conductor of the freight train was on the stand. He claims to have been dosing while his train was at Montserrat and when train No. 50 passed Engineer Norton believed it was the second section of No. 30, and, thinking the track clear, pulled out on the main line.

T. C. Dressel, postmaster at Eastonville, Kan., was taken out from under a heap of seven bodies and escaped with nothing more serious than a broken leg.

HE WENT TO PRISON.

He Has That Alternative or Pay a
Fine of \$100.

New York, Oct. 11.—John A. Stewart, who traded under the name of William J. Connors & Co., and who is accused of having defrauded farmers in the west by inducing them to go into a discretionary grain pool, was given the alternative of paying a \$100 fine or going to the city prison for 30 days Monday. He went to prison.

The charge against Stewart was failing to file with the county clerk the certificate of the fact that he was doing business as J. S. Connors & Co.

Weather Forecast.

Fair and colder to-night. Wednesday fair, colder in eastern portion.

This thing of seeing snakes on Market street is nothing new. They have been observed there off and on for many years. It is not surprising, either, when we take into consideration the money spent on their propagation in that locality. His reptileship evidently likes his surroundings, but was out of his element when he got above Third street.

In Kentucky Tom Watson has been posing as the friend of the farmer and the workman. In New York State he is traveling on special trains, no doubt paid for by the Republican Campaign Committee. There never was a more shameless political bargain than that between Watson and the Republicans. It is not possible that he can turn the Populists of this country, bound hand and foot, over to Roosevelt.

The basis of success in political contests is the efficiency and earnestness of the precinct organizations. When these faithful workers are enthusiastic the way is clear for victory. The Campaign Committee is particularly gratified at the reports from the precinct Chairmen and their sub-committeemen. There is an increase in interest throughout the State that gives assurance of an old-time Democratic majority.

Every storekeeper, guager, postmaster, and collector in Kentucky has been held up by the Republican Campaign Committee, but the big corruption fund of four and eight years ago is missing. That was contributed by the Trusts in an effort to debauch Kentucky. This year the stream of boodle has been directed to other States where there is a better chance to invest it profitably. This State is so safely Democratic that it has been almost deserted by the National Committee.

The Ledger says "since the nomination of Judge Bennett for Congress, the Ninth district Republicans are wearing the smile that won't come off." Better give the dose time to get in its work, neighbor. See, a change has already set in! Note the hard lines about the mouth, the vacant stare and drooping chin. Complete ossification will come about the 8th of November. When Mr. Kehoe gets through with the second-choice nominee, the bunch will wonder where the laugh comes in.

GROVER CLEVELAND has written a very interesting paper for the Saturday Evening Post of Philadelphia on "Why Young Men Should Vote the Democratic Ticket." It is a thoughtful, if ponderous document, and if any "Gold Democrat" wants an excuse for getting back into the party ranks, he will not have to crawl, but can follow your Uncle Grover's lead and standing erect walk to his old place in the line. The ex-President closes his paper with the following assurance: "The young men who fight for Democratic success in this time of political conflict will, in a few years, have the proud satisfaction of remembering that they fought for safe counsels in the administration of their Government, for the protection of our national missions against interruption and perversion, for the increased comfort of the people in their homes and for the defense of their interests against the encroachments of organized selfishness and greed."

The electric typewriter, an invention of Thomas McCall of Cincinnati, will prove one of the wonders of the inventive age if it is all that it is claimed to be. It is an automatic affair, which writes as fast as talked into, and if wanted translates German into English or vice versa, on the basis of a 2,000-word vocabulary. It is operated by electricity, and it is said spells and punctuates perfectly.

CHOKING CATARRH CURED.

Mr. Caswell Says, "Hyomei Cured Me"—
Your Money Back if it Does
Not Cure You.

"Use Hyomei and be cured of catarrh," is what all who have tried it for that disease say to their friends.

O. S. Caswell of North Middlesboro, Mass., writes: "Hyomei has relieved me from a choking catarrhal trouble and cleared my head. I am glad to recommend it to my friends."

It is the easiest thing in the world to stop catarrh or a catarrhal cold at its beginning if you use Hyomei. Just breathe the health-giving, balsamic air for a few minutes and your catarrh will be cured.

In this and neighboring towns, there are hundreds that can testify to the remarkable powers of Hyomei to cure catarrh. Many of the staunchest friends of this remedy began its use with little hope that they would be cured, but as J. Jas. Wood & Son offered to refund the money if it did not benefit, they decided to try it on that plan, and were soon restored to health.

Be A Real Woman.

No. 405 Peace Avenue,
Houston, Texas, May 14, 1908.

I was barren during the six years of married life, suffering with painful menstruation and a dozen other aches and pains. I was a poor excuse for a wife as I was not able to be up more than about half the time and daily grew weaker and weaker.

Wine of Cardui changed me into a different woman in five short months, made me robust and strong.

I am very grateful to you for my good health and am today blessed with a baby who is the pride of our home and this is all due to your medicine.

Mrs. Charles Mason
VICE-PRESIDENT, HOUSTON MOTHERS' CLUB.

Wine of Cardui brings health to sick women. Wine of Cardui brings children to barren homes.

How can any woman refuse the health Mrs. Mason has? Any woman can secure exactly the same relief if she will take Wine of Cardui. Wine of Cardui is a certain cure for menstrual irregularities. It will not do impossibilities but it does cure bearing-down pains, makes motherhood possible for barren wives and relieves the pains at the monthly period.

All druggists sell \$1.00 bottles Wine of Cardui.

A Mighty Army

Of men, women and children will march forth the next few weeks intent on supplying themselves with clothes for the fall and winter.

Many will buy rashly and foolishly! Some tempted by absurdly low prices, others because they have given little thought beforehand to what they are about to do.

On the other hand many hundreds of well-posted buyers will come direct to Merz Bros. store to secure

Fall and winter Suits, Cloaks, Dry Goods, Notions, etc., that are stylish, becoming, serviceable and **ECONOMICAL**.

"There were ten virgins! Five of them were wise and five were foolish!"

At the rate of increase of our business we know that the percentage of foolish is not as great in Kentucky.

DIED OF LOCKJAW.

Slight Wound Terminates in Deadly Tetanus and Charley Early Succumbs to the Disease Monday.

Little Charley Early, aged about nine years, son of Mr. Charles Early of Lewisburg, died Monday at noon of lockjaw.

Last Tuesday the little fellow sustained an injury to his foot by striking it against the stub of a weed, but no attention was paid to the wound and it gave no trouble until Sunday, and death resulted yesterday.

The funeral will take place to-morrow morning at 9:30 o'clock, from the Baptist Church at Lewisburg.

BLUE LICK SPRINGS.

Miss Lottie Early of Lynchburg, Virginia, Claims Title to the Famous Property.

Miss Lottie Early of Lynchburg, Va., is at Lexington collecting evidence preparatory to filing suit in the Federal Court for the recovery of the famous Blue Lick Springs near Carlisle, Nicholas County.

Miss Early claims the springs and two acres of ground surrounding it through her mother, who died and left the original tract to her. A guardian was appointed after the death of an older sister and it is claimed that this guardian sold the property in controversy without the proper legal authority.

Miss Early's mother was Miss Lou Holliday, a daughter of Thomas Holliday, proprietor of the Blue Springs Hotel which was burned by Metcalf's cavalry during the Civil War.

Miss Holliday married Clement Early of Lynchburg, Va., a nephew of the noted Confederate leader, Gen. Jubal Early, and of Bishop Early of the Methodist Church.

Miss Early was born near the Blue Lick Springs, but for twenty years has lived in Lynchburg and has just come into possession of information concerning the manner of her guardian's sale of the springs.

Since the war several companies have leased the springs, a Lexington company at one time bidding for the rights.

It is said that the revenues derived from the property and the sale of Blue Lick water amount to \$10,000 a year. Miss Early has engaged counsel and the fight is expected to be one of the most noted ever waged in Kentucky.

A party from Moransburg will go to the mountains Saturday for a chestnut hunt.

The Ladies' Committee of the Y. M. C. A. will meet in the parlors this afternoon at 3:30 p. m. A full attendance is greatly desired.

Attention is called to the Sheriff's advertisement elsewhere offering for sale a twenty-year county telephone franchise, the Fiscal Court reserving the right to hereafter sell other similar privileges.

Mrs. Matilda Galbraith of Bridgeville, one of the noted twenty children of the late Thomas Jett of Mt. Olivet, is dead. Five sons and two daughters still remain, all of whom have reached their three-score and ten.

The remains of Mr. Geo. Forman, who died at Casper, Wyoming, reached here last night on the 9:30 train and the funeral took place this morning at 11 o'clock at Mayslick, conducted by the Masonic fraternity.

Lula, daughter of Mr. and Mrs. John Dersch, entertained a number of her young friends Saturday afternoon with a birthday party, the little miss having reached her eleventh year. There was music and dancing and all present had a merry time.

Perhaps the largest and most cultured audience that ever graced Washington Opera House witnessed the play "Twelfth Night" last evening. The management must have been greatly pleased with the swell attendance and large receipts. Shakespeare's famous production, however, seemed a little dry on this occasion, and there was a noticeable lack of applause throughout the play.

Announcement is made of the approaching wedding of two of the most prominent young society people of Harrison County, Editor John T. Wilson and Miss Georgia Goodwin. The bride-to-be is a young woman of many charms, with a host of friends, and is quite well known in the blue grass section, where she has numerous relatives. Mr. Wilson is the owner and editor of the Cynthiana Log Cabin.

The escape from the counterfeiters cave and the terrific ride for life as performed by Miss Elsie Crescy upon the back of a trained thoroughbred horse, is perhaps the most exciting scene introduced in any play of modern times, and is a principal feature in E. Laurence Lee's monster production of "To Die at Dawn" which is the attraction at the Washington Wednesday, October 12. Tickets on sale at Ray's.

The committee to procure the necessary survey for the proposed Germantown-Washington-Maysville traction line is composed of the following—one from each precinct through which the road is to run: Messrs. Joseph F. Walton, Clarence L. Sallee, Colonel R. R. Maltby, E. Cren. Slack and J. S. Asbury. Mr. Sallee was chosen Chairman of this committee and was also made Corresponding Secretary.

Refrigerators,

Gasoline Stoves, Ice Cream Freezers and all summer goods must be sold. Call early and secure bargains in these lines.

Talk About the Best Field Fence

And you're bound to mention the "American." Its merits have been widely discussed and are familiar to those who have given it a trial. As a stock and all-purpose fence it must be acknowledged that it has no equal in the world. Made of large, strong, high-grade steel wires, heavily galvanized. Amply provides for expansion and contraction. Is practically everlasting and never goes wrong, no matter how great a strain is put on it. Will not mutilate, but does efficiently turn cattle, horses, hogs and pigs. Used as a division fence in towns or cities, the "American" is handsome, efficient and inexpensive. Every rod guaranteed by the manufacturer and by us. Call and see it. Can show you how it will save you money and fence your fields so they will stay fenced. **Prices lower now than ever before.**

As a result of the drouth in this section, farmers have been hauling water from the river for many miles, both on this side and over in Ohio. Back in the country districts, drinking water is hard to obtain, and live stock, in some places, have been suffering on account of the scarcity. Last night's local showers will give very little relief. What is needed is a good, soaking rain.
